CARTON ERECTING MACHINES 04-02

CES50-H20-3

- **High-Speed Carton Erector for Big Boxes:**
- A newly designed machine tailored for unpacking large cartons.
- **Horizontal unpacking speed: Up to 20 cartons per minute.**
- Equipped with a **cam drive system** and **connecting rod** for precise and stable machine operation, eliminating manual intervention.
- Performs suction, forming, bottom folding, and bottom sealing in a single, seamless operation.
- Delivers **fast, accurate, and stable mechanical actions** to enhance efficiency.
- Suitable for various industries.

MODEL	CES50-H20-3
Carton Opening Speed	10-15 cases/min
Carton Size	L320-610×W200-500×H200-500mm (280≤W/2+H, L+W≤1080)
Power Supply	220V 50Hz 1 Phase
Power	1000W
Adhesive Tape Width	60mm(3)
Carton Storage Quantity	60pcs (600mm)
Air Consumption	350NL/min
Air Compressing	5-7kg/cm ³
Table Height	960-1000mm
Machine dimension	L2650×W1650×H1870mm
Machine Weight	1200KG
